

Pillar VI: Agricultural Finance and Credit

Policy Statement:

Invest more resources in the development, rehabilitation and modernisation of infrastructure to support agricultural production, productivity, value addition and agro-processing, marketing and trade.

Strategic Objectives

- SO.6.1: To create enabling environment for investment in agriculture value chains;
- SO.6.2: To increase access to affordable and appropriately structured finance and lines of credit;
- SO.6.3: To funding and credit to sustainable agricultural intensification appropriate to agro-ecological zone.
