

Pillar IX: Institutional Arrangements for Sector Coordination and Policy Implementation

Policy statement

To facilitate a participatory and inclusive sector coordination and policy implementation mechanism through engagement of all relevant actors in the agriculture and related sectors so as to enhance and ensure policy consistency, shared ownership and responsibility of national agriculture intensification and transformation processes and outcomes

Strategic Objectives

- SO.9.1: To establish an effective and robust agriculture sector, coordination mechanism to ensure enhanced synergies in the sector and across all related sectors;
- SO.9.2: To establish NAPF implementation structures and enable the translation of the NAPF into result oriented implementation, monitoring and evaluation plans;
- SO.9.3: To establish a platform for the active participation of political leadership, senior government officers, the private sector, development partners, the civil society and local communities with regular feedback between implementing agencies as a way of promoting learning and knowledge sharing.
